ESSENTIAL TOOLS FOR USERS

Discover the many tools and features that select Gale resources offer:

Integrated Collaboration Tools

Easily access, share, and save content with Google tools like Drive, Docs, and Classroom; and Microsoft Office 365, such as OneDrive and OneNote.

Mobile Responsive Design

Access resources anytime, anywhere, and on any device.

Article Recommendations

Use tools like Topic Finder, Related Resources, and InterLink.

Citation Tools

Automatically generate APA, MLA, and Chicago citations that can be exported into EasyBib, EndNote, NoodleTools, ProCite, RefWorks, and more.

Highlights and Notes

Select and highlight text, add notes, and save or export.

Language Translation

Translate Gale content into 35+ languages on demand, some include audio as well.

Listen

Access audio versions of any article, along with a download option for anytime listening.

LMS Integration

Expand access and increase discovery at schools and academic institutions by allowing faculty to access Gale resources from within their learning management system (LMS) and embed content directly into courses.

Share/Bookmark

Copy persistent URLs at the article level to share on social media or embed in course syllabi, eNewsletters, electronic reserves, or LibGuides.

We are here to help you take actionable steps toward promoting your library as a space for continuous learning. Access tools to manage, use, and promote the value of your Gale resources.

GET MORE OUT OF YOUR GALE RESOURCES

- Receive product training with on-demand videos, live webinars, resource guides, and more.
