## INTRODUCTION

This report reflects data collected from libraries based on their last fiscal year completed between December 31, 2013 and October 15, 2014. That is, the most recent data collected is from the first two quarters of 2014. The data is only as good as the reports that libraries voluntarily provided to the Vermont Department of Libraries. Because not all libraries submit data each year, the totals and percentages reported here may be somewhat incongruent with the reports from prior years. Manchester Community Library did not submit data this year which particularly has had an impact on “Total Payroll Expenditures.”

Here are some statewide indicators comparing FY2014 with the previous year’s report:<sup>1</sup>

- ❖ **Libraries increased the total number of hours they are open** to the public by 11 hours per week. (FY2013: 4,827.2 / FY2014: 4,838.0), (0.22% ).
- ❖ **Visits to libraries decreased** 406,350 (FY2013: 3,624,504 / FY2014: 3,218,154), (-11.21%).
- ❖ **Local tax appropriations increased** by \$530,467 (FY2013: \$16,835,880 / FY2014: \$17,366,347), (3.15%).
- ❖ **Other income** (fundraising, donations, and interest income, etc.) **increased** by \$119,185 (FY2013: \$3,775,852 / FY2014: \$3,895,037), ( 3.16%).
- ❖ **Total income from all sources increased** by \$533,810 (FY2013: \$20,727,574 / FY2014: \$21,261,384), (2.58%).
- ❖ **Libraries received more grant money** this year. The total grant funds received increased by \$188,432 (FY2013: \$411,035 / FY2014: \$599,467), (45.84%).
- ❖ **Total payroll expenditures (salary + benefits) decreased** by \$166,719 (-1.12%), (FY2013: \$14,848,070 / FY2014: \$14,681,351).
- ❖ **Book (print) expenditures decreased** \$79,954 (-5.52%) (FY2013: \$1,449,638 / FY2014: \$1,369,684) with an overall **decrease in total collection expenditures** (all media) of \$16,565 (FY2013: \$2,322,263 / FY2014: \$2,305,698), ( -0.85% ).
- ❖ **Other expenditures increased.** These expenditures (utilities, fuel, maintenance, etc.) increased by \$528,012 (FY2013: \$4,779,521 / FY2014: \$5,307,533), (11.05%).
- ❖ **With lower print book expenditures, libraries decreased the number of physical books** in their collections by 78,172 (FY2013: 2,789,630 / FY2014: 2,711,458), (-2.80%).

<sup>1</sup> Values shown here for FY2013 may not match what was reported in the *FY2013 Annual Report* (published in March 2014) due to changes reported after publication. The *FY2013 Annual Report* is available at: <http://libraries.vermont.gov/libraries/stats/plstats>

- ❖ **Volunteer hours per week increased** by 164 hours (5.00% ) (FY2013: 3,277 / FY2014:3,441).

It is thanks to the continuing effort of local librarians that we are able to publish this *Vermont Public Library Statistics, FY2014 Annual Report*. Vermont has 183 public libraries. This report includes statistics submitted by 163 public libraries and is arranged by population served and alphabetically by town. As previously mentioned, data is for individual library fiscal years ending somewhere between December 31, 2013 and October 15, 2014.

### Using the data

This publication is designed to help librarians, library trustees, and local communities assess how well their libraries are performing, identify areas for improvement, and make plans for the future. As such, librarians and trustees may want to:

- Identify trends over time such as increases or decreases in circulation, expenses or income;
- Compare their own library's data to that of libraries serving populations or having budgets of similar size;
- Use this data to inform decision-makers and the community about the value and importance of their public library.

When reviewing a library's statistics in relation to those of other libraries, it is crucial to consider context – community demographics, changes in the local economy, events or situations particular to the community, and changes in library services and programs. It is important to note that Vermont's public libraries and the towns they serve vary a great deal. Some libraries *officially* serve relatively small populations, but *actually* serve larger surrounding areas or significant seasonal populations. Some libraries receive large tax appropriation, while others serving a similar-sized population rely on interest from endowments or local fund-raising for the bulk of their operating costs. Some “community” libraries (joint school-public libraries) report tax support from both municipal and school sources, while others report only tax support from municipal sources.

It is also important to remember that libraries may count activities and transactions in different ways, and differing local practices and policies have bearing on resulting statistics. For example, some libraries count the number of visitors each day to achieve an annual count; others determine the number of annual visits using a sampling method, making a concerted effort to count daily visitors only during selected weeks in the year. Other factors that have an impact on a library's total circulation are: the number of hours the library is open, loan periods (one month, three weeks, two weeks, etc.), methods of renewal of library materials (online, by phone, in-person), the increased use of digital resources like e-books and downloadable audiobooks and the inclusion (or exclusion) of uncatalogued paperbacks and other materials in the count.

### **National sources concerning statistics**

These statistics are but one tool in an ongoing self-evaluation process in which all libraries should engage. Good resources for public libraries include: *Say It With Data: A Concise Guide to Making Your Case and Getting Results* (American Library Association, 2014) and *Measuring the Networked Nonprofit: Using Data to Change the World* (JosseyBass, 2012).

Librarians interested in exploring the performance of their children's services will find *Dynamic Youth Services Through Outcome-based Planning and Evaluation* (American Library Association, 2006) helpful. All of these titles are available through interlibrary loan from the Department of Libraries.

To find comparative statistics from peer libraries around the country, see the Institute of Museum and Library Services' "Compare Public Libraries" tool, available at:

<http://harvester.census.gov/imls/compare/index.asp>

### **How this publication is organized**

The first chart (p. 13) serves as an index, listing all the libraries alphabetically by town name, and including: library name, population served, facility square footage, number of hours open weekly in winter, and fiscal year end date.

Successive charts are arranged first by population groups and then alphabetically by town name. If a library receives tax funds from more than one town, those populations have been combined as the library's "population served." If there is more than one library in a town, the town's population may be divided among the libraries. For more information, see "Libraries with Adjusted Populations" (p. 11).

The population categories are:

- Public libraries serving populations over 5,000
- Public libraries serving populations between 2,500-4,999
- Public libraries serving populations between 1,000-2,499
- Public libraries serving populations under 1,000

Each population category contains the following charts:

- Staffing, square footage of building, hours open
- Income for the fiscal year (ending somewhere between 12/31/13 and 10/15/14)
- Expenditures for the fiscal year (ending somewhere between 12/31/13 and 10/15/14)
- Holdings of books
- Holdings of other materials
- Services: hours open weekly in winter, registered borrowers, visits, reference transactions
- Circulation and interlibrary loan
- Programming and outreach
- Computers and computer-based services

More extensive definitions of the terms used are included on pages 8 and 9, and there is a brief key displayed on each page of the charts. This report is also available online as a pdf, and the data is available in spreadsheet format (xls) on the Department of Libraries' website:

## Libraries with adjusted populations, FY2014

Populations served reflect 5-year estimates based on the 2010 Census and found in the American FactFinder by the United States Census Bureau. Two files give the complete totals for FY2014:

<http://factfinder.census.gov/bkmk/table/1.0/en/PEP/2013/PEPANNRES/0400000US50.06100>

<http://factfinder.census.gov/bkmk/table/1.0/en/PEP/2013/PEPANNRES/0400000US50.16200>

Many public libraries exclusively serve the town or city in which they are located. Others serve more than one town, and the populations are added together to obtain the “population served.” This is the case with: Barre City and Town, Jericho and Underhill, Newport City and Town, and St. Albans City and Town. In Essex, the total town population is included for the Essex Free Library. The Brownell Library in Essex Junction uses only the official population for the village of Essex Junction.

Several public libraries receive appropriations from neighboring towns annually and their populations are adjusted to reflect the genuine “population served.”

### Libraries with adjusted populations in FY2014 include:

**Arlington** (pop. 2,295) + Sandgate (403) + Sunderland (952) = 3,650

**Barre City** (pop. 8,927) + Barre Town (7,908) = 16,835

**Barton** (2,728) There are two libraries in the Town. These are located in two incorporated villages: Barton Village (715) and Orleans Village (793). Each library is credited with the entire village population within which it is located. One half of the town population located outside the incorporated villages and one half of the Town of Westmore (345) is credited to each library. The population of the Town of Brownington (977) is added only to the Orleans Village library.

**Barton Village** (715) + 1/2 (Barton Town (2,728) - Barton Village (715) - Orleans Village (793)) + 1/2 Westmore (345) = 1,498

**Barton/Orleans** Orleans Village (793) + 1/2 (Barton Town (2,728) - Barton Village (715) - Orleans Village (793)) + 1/2 Westmore (345) + Brownington (977) = 2,553

**Bennington** (15,519) + 2/3 Shaftsbury (3,554 x 2/3 = 2,367) + Woodford (418) = 18,304

**Brandon** (3,899) + Leiceister (1,109) + Sudbury (551) = 5,559

**Castleton** (4,648) + Hubbarton (698) = 5,346

**Corinth** (1,370) + Topsham (1,174) = 2,544

**Derby** (4,544) There are two libraries in the Town. These are located in two incorporated villages, Derby Center Village (588) and Derby Line Village (663). One half of the town population located outside the incorporated villages is credited to each library. The Derby Library is also credited with the populations of two neighboring towns: Charleston (1,013) and Morgan (745).

**Derby** (588) + 1/2 (Derby Town (4,544) - Derby Center Village (588) - Derby Line Village(663)) + Charleston (1,013) + Morgan (745)) = 3,993

**Derby Line** (663) + 1/2 (Derby Town (4,544) - Derby Center Village (588) - Derby Line Village(663)) = 2,310

**Guildhall** (256) + Maidstone (204) = 460

**Hartford** 45% of Hartford (9,812) = 4,415

**Hartford, West** 7% of Hartford (9,812) = 687

**Hartford/ Queechee** 48% of Hartford (9,812) = 4,710

**Hinesburg** (4,485) + 1/2 of St. George (673) = 4,822

**Jericho/Underhill** Jericho (5,052) + Underhill (3,050) = 8,102

**Lyndon** (5,974) + Burke (1,748) + Newark (584) + Sheffield (701) + Sutton (1,026) + Wheelock (809) = 10,842

**Montpelier** (7,755) + Calais (1,602) + East Montpelier (2,599) + Middlesex (1,757) + Worcester (1,000) = 14,713

**Newbury** (2,211) There are two libraries in the Town. These are located in two incorporated villages, Newbury Village (364) and Wells River Village (398). One half of the town population located outside the incorporated villages is credited to each library.

**Newbury Village** (364) + ½ (Newbury Town (2,211) - Newbury Village (364) - Wells River Village(398)) = 1,089

**Newbury/Wells River** - Wells River Village (398) + ½ (Newbury Town (2,211) - Newbury Village (364) - Wells River Village (398)) = 1,123

**Newport City** (4,520) + Newport Town (1,869) + Coventry (1,074) = 7,463

**North Bennington Village** (1,629) + 1/3 Shaftsbury (3,554 x 1/3 = 1,185) = 2,814

**Randolph** (4,756) + Braintree (1,236) = 5,992

**Rutland City** (16,126) + Rutland Town (4,052) + Ira (431) + Mendon (1,050) + Tinmouth (618) = 22,277

**St. Albans City** (6,876) + St. Albans Town (6,233) = 13,109

**Troy** (1,645) + Jay (550) = 2,195

**Vergennes** (2,588) + Addison (1,360) + Ferrisburgh (2,767) + Panton (669) + Waltham (477) = 7,861

**Waitsfield** (1,723) + Fayston (1,354) = 3,077

**Wardsboro** (892) + Stratton (213) = 1,105

**Whitingham** (1,346) + Halifax (725) = 2,071

**Williston** (9,014) + 1/2 St. George (673) = 9,351

**Winhall** (763) + Stratton (213) = 976

## **PUBLIC LIBRARIES SERVING POPULATIONS OVER 5,000**

Thirty-one (31) libraries serve populations over 5,000. Statistics for branch libraries in East Barre, and East Middlebury are also included with the libraries in Barre, and Middlebury respectively. Statistics for the bookmobile serving Franklin and Grand Isle counties, which have populations in excess of 5,000, are not included. Several larger libraries serve more than one town, and the unduplicated populations of all of the towns providing tax support are included as the population served and are used for calculating per capita values. ## **PUBLIC LIBRARIES SERVING POPULATIONS BETWEEN 2,500 AND 4,999**

Forty-one (41) libraries serve populations between 2,500 and 4,999. The Fairfax Community Library is a "community" library, serving as both a public and a school library. Statistics for the branch library in Hartford/Wilder are included with Hartford/Quechee.

Manchester Community Library is usually included in this group, but did not submit data for FY14. Because this is one of the larger libraries in the state, there may be some incongruities in comparison to data from past years' reports.

Some significant facts:

- 133,235 (21.26%) of Vermonters live within these library service areas.
- These libraries are open a total of 1,368.0 hours a week, which represents 28.28% of the total time libraries are open in the state.
- There are the equivalent of 48.43 full time librarians working in these libraries, which represents 22.93% of the librarian time spent in the entire state.
- Volunteers give 821.5 hours of their time to these libraries weekly, 23.88% of all the volunteer hours donated to libraries in the state.
- These libraries received a total of \$3,512,896 in tax support from their towns. This is 20.23% of the total tax revenues provided all the libraries in the state.
- These libraries raised another \$1,110,911 (31.62%) in other funds beyond the tax revenues including fundraisers, donations, investment income and other forms of giving. This represents 28.52% of the statewide total of additional funds raised.
- These libraries had expenditures of \$4,703,879 or 21.10% of funds spent by libraries in the state.
- 749,783 or 24.76% of the physical items owned by Vermont public libraries are held in these libraries.
- There were 605,649 (18.82% of the statewide total) visits to these public libraries.
- These libraries also account for 900,365 (20.87%) of the items circulated in the state.
- In 2013-2014 these libraries held 5,008 programs, which attracted 74,102 attendees. Statewide, this represents 21.54% of the programs and 21.49% of the attendance.
- 34 of these libraries reported having a subscription to the Vermont Online Library.
- 40 of these libraries report providing public wireless access.

## **PUBLIC LIBRARIES SERVING POPULATIONS UNDER 1,000**

There are thirty-five (35) libraries serving towns with populations under 1,000 in Vermont. However, 11 of these libraries did not report any information to the Department of Libraries. Several libraries in this population range serve seasonal populations (e.g., Greensboro, Middletown Springs, North Hero, Peacham) which makes their populations swell far beyond 1,000 at certain times of the year and may account for their proportionally higher numbers. Lowell Community, Stamford Community, Vershire Community, Walden Community and Woodbury Community Libraries are “community libraries” serving as both public and school libraries.

The West Hartford Library was closed for all of FY14 while a new building was under construction.

Some significant facts:

- 24,870 (3.97%) of Vermonters live within these library service areas.
- These libraries are open a total of 403.0 hours a week, which represents 8.33% of the total time libraries are open in the state as a whole.
- There are the equivalent of 22.70 full time librarians working in these libraries, which represents 10.75% of the librarian time spent in the entire state.
- Volunteers give 254.4 hours of their time to these libraries weekly, 7.39% of all the volunteer hours donated to libraries in the state.
- These libraries received a total of \$652,142 in tax support from their Towns. This is 3.84% of the total tax revenues provided all the libraries in the state.
- These libraries raised an additional \$183,635 in other funds, whether through fundraisers, donations, investment income or other forms of giving. This represents 4.71% of the statewide total and means that they took it upon themselves to raise an additional 28.16% of their funds beyond the tax revenues supplied.
- These libraries account for approximately \$838,358 or 3.76% of funds spent by libraries in the state.
- 172,890 or 5.71% of the items owned by Vermont public libraries are held in these libraries.
- There were 100,490 ( 3.12% statewide) visits to these public libraries. These libraries also account for 141,204 (3.27%) items being circulated in the state.
- In 2013-2014 these libraries held 1,217 programs, at which there were 17,138 attendees. Statewide, this represents 5.23% of the programs and 4.97% of the attendance.
- 17 of these libraries report a subscription to the Vermont Online Library.
- 23 of these libraries report providing wireless access.
