## INTRODUCTION

This report reflects data collected from libraries, based on their last fiscal year completed between December 31, 2011 and October 15, 2012. However, based upon local preferences, there are a variety of fiscal years employed. Many libraries use a calendar year as their fiscal year. Most other libraries close their fiscal year on June 30. (Only four libraries use the Federal fiscal year, beginning October 1.) That is, the most recent data collected is from the first two quarters of 2012.

Here are some statewide indicators comparing FY2012 with the previous year's report:<sup>1</sup>

- ❖ **Libraries increased the total number of hours** they are open to the public by 66 hours per week. (FY2011: 4,765.6 / FY2012: 4,831.3) This is a 1.38% change.
- ❖ **Visits to libraries changed** by 47,008 (FY2011: 3,692,572 / FY2012: 3,739,580), a 1.27% increase from last year.
- ❖ **Local tax appropriations changed** by \$567,977 (FY2011: \$16,453,860 / FY2012: \$17,021,837), a 3.45% improvement.
- ❖ **Other income** (fundraising, donations, and interest income, etc.) changed by \$159,893 (FY2011: \$3,277,567 / FY2012: \$3,437,460), a 4.88% change.
- ❖ **Total income from all sources changed** by 3.61% or \$717,603 (FY2011: \$19,867,507 / FY2012: \$20,585,110).
- ❖ **Libraries received less grant money** this year. The total grant funds received changed by - \$23,942 (FY2011: \$644,939 / FY2012: \$605,966), a -6.04% change.
- ❖ **Total payroll expenditures (salary + benefits) changed** by \$480,697 or 3.37%. (FY2011: \$14,274,113 / FY2012: \$14,754,810.)
- ❖ **Book (print) expenditures changed** by -\$9,169 (-0.60%) (FY2011 : \$1,520,091 / FY2012: \$1,510,922) but there was an overall increase in **total collection expenditures** (all media) of \$77,269 (FY2011: \$2,283,887 / FY2012: \$2,361,156), a 3.38% increase.
- ❖ **Other expenditures increased slightly.** These expenditures (utilities, fuel, maintenance, etc.) changed by \$294,673 (FY2011: \$4,586,469 / FY2012: \$4,881,142, a 6.42% increase).
- ❖ **With lower book expenditures, libraries decreased the number of books held:** -6,678 (FY2011: 2,877,726 / FY2012: 2,871,048) in their collections, a -0.23% decrease.
- ❖ **The number of registered borrowers declined by** -10,124 (-3.06%) (FY2011: 330,874 / FY2012: 320,750), which may be the result of efforts by many libraries to purge their patron records to meet standards and to lower the costs of automation.
- ❖ **Total reported circulation of all items decreased by** -248,130 (FY2011: 4,834,296 / FY2012: 4,586,166), a -5.13% decrease.
- ❖ **Libraries offered** 651 more programs this year (FY2011: 20,975/ FY2012: 21,626), a

3.10% increase. Program attendance, however, decreased by -2,693 (FY2011: 352,792 / FY2012: 350,099), a -0.76% decrease.

- ❖ **Libraries added 49 computers** for public use (FY2011: 1,012 / FY2012: 1,061), a 4.84% increase. There was a -3.43% change in the number of weekly computer sessions. Libraries reported a decrease of -591 sessions per week (FY2011: 17,216 / FY2012: 16,625).
- ❖ **Volunteer hours decreased slightly** from last year, (FY2011: 3,435 / FY2012: 3,253, a decrease of 5.28%).

On visits to their local library, citizens find trained staff ready and willing to assist, online and print resources to answer their questions and facilitate learning, and connections to the wider world.

It is thanks to the continuing effort these librarians and library staff that we are able to publish this *Vermont Public Library Statistics, 2013 Annual Report*. This report includes statistics concerning 183 public libraries and is arranged by population served and alphabetically by town. As previously mentioned, data is for individual library fiscal years ending somewhere between December 31, 2011 and October 15, 2012.

### Using the data

This publication is designed to help librarians, library trustees, and local communities assess how well their libraries are performing, identify areas for improvement, and make plans for the future. As such, librarians and trustees may want to:

- Identify trends over time such as increases or decreases in circulation, expenses or income;
- Compare their own library's data to that of libraries serving populations or having budgets of similar size;
- Use this data to inform decision makers and the community about the value and importance of their public library.

When reviewing a library's statistics in relation to those of other libraries, it is crucial to consider context – community character, library history, and tradition. It is important to note that Vermont's public libraries and the towns they serve vary a great deal. Some libraries *officially* serve relatively small populations, but *actually* serve larger surrounding areas or significant seasonal populations. Some libraries receive large tax appropriation, while others serving a similar population rely on interest from endowments for the bulk of their operating costs. Some "community" libraries (joint school-public libraries) report tax support from both municipal and school sources, while others report only tax support from municipal sources.

It is also important to remember that libraries may count activities and transactions in different ways, and differing local practices and policies have bearing on resulting statistics. For example, some libraries count the number of visitors each day to achieve an annual count; others determine the number of annual visits using a sampling method, making a concerted effort to count daily visitors only during selected weeks in the year. Other factors that have an impact on a library's total circulation are: the number of hours the library is open, loan periods (one month, three weeks, two weeks, etc.), methods of renewal of library materials (online, by phone, in-person), and the inclusion (or exclusion) of uncataloged paperbacks, puzzles, or other realia in the count.

## **National sources concerning statistics**

These statistics are but one tool in an ongoing self-evaluation process in which all libraries should engage. Regardless of size, a useful source of further information on the collection and use of public library statistics is *Output Measures for Public Libraries: A Manual of Standardized Procedures*, 2<sup>nd</sup> ed. (American Library Association, 1987).

Some of the information included in this report is broken down by age (adult and juvenile) in response to requests from librarians. Librarians interested in exploring the performance of their children's services will find *Output Measures for Public Library Service to Children: A Manual of Standardized Procedures* (American Library Association, 1992) helpful. Both of these manuals are available through interlibrary loan from the Department of Libraries.

Libraries wishing to find comparative statistics from peer libraries around the country may do so by using the Institute of Museum and Library Services' "Compare Public Libraries" tool, available at <http://harvester.census.gov/impls/compare/index.asp>.

## **How this publication is organized**

The format of this report is similar to those published previously. The first chart (p. 13) serves as an index, listing all the libraries alphabetically by town name, and including: library name, population served, facility square footage, number of hours open weekly in winter, and fiscal year end date.

Succeeding charts are arranged first by population groups and then alphabetically by town name. If a library receives tax funds from more than one town, those populations have been combined as the library's population served. If there is more than one library in a town, the town's population may be divided among the libraries. For more information, see "Libraries with Adjusted Populations" (p. 11).

The population categories are:

- Public libraries serving populations over 5,000
- Public libraries serving populations between 2,500-4,999
- Public libraries serving populations between 1,000-2,499
- Public libraries serving populations under 1,000

Each population category contains the following charts:

- Staffing, square footage of building, hours open
- Income for the fiscal year (ending somewhere between 12/31/11 and 10/15/12)
- Expenses for the fiscal year (ending somewhere between 12/31/11 and 10/15/12)
- Holdings of books
- Holdings of other materials
- Services: hours open weekly in winter, registrations, visits, reference transactions
- Circulation and interlibrary loan
- Programming and outreach
- Computers and computer-based services

More extensive definitions of the terms used are included on pages 8 and 9, and there is a brief key displayed on each chart. This report is also available online as a pdf document and the data is available in spreadsheet format (xls) on the Department of Libraries' website:

## Libraries with adjusted populations, 2011-2012

Populations served reflect the 2010 Census conducted by the U.S. Census Bureau (available at [http://factfinder2.census.gov/faces/tableservices/jsf/pages/productview.xhtml?pid=ACS\\_11\\_5YR\\_B01003&prodType=table](http://factfinder2.census.gov/faces/tableservices/jsf/pages/productview.xhtml?pid=ACS_11_5YR_B01003&prodType=table)). Many public libraries exclusively serve the town or city in which they are located. Others serve more than one town, and the populations are added together to obtain the population served. This is the case with Barre City and Town, Jericho and Underhill, Newport City and Town, and St. Albans City and Town. In Essex, the total town population is included for the Essex Free Library. The Brownell Library in Essex Junction uses only the official population for the village of Essex Junction.

Several public libraries receive appropriations from neighboring towns annually. Some added supporting towns and some lost them in the past year, and the populations served have been adjusted to reflect increases or decreases.

### Libraries with adjusted populations include:

**Arlington** (pop.2,380) + Sandgate (528) + Sunderland (916) = 3,824

**Barre City** (pop.9,078) + Barre Town (7,899) = 16,977

**Barton** (2,820) There are two libraries in the Town. These are located in two incorporated villages, Barton Village (802) and Orleans Village (850). Each library is credited with the entire village population within which it is located. One half of the town population located outside the incorporated villages and one half of the Town of Westmore (312) is credited to each library. The population of the Town of Brownington (812) is only added to the Orleans Village library.

**Barton Village** (802) + 1/2 of (Barton Town (2820) - Barton Village (802) - Orleans Village (850)) + 1/2 Westmore (157.5) = 1,544

**Barton/Orleans** Orleans Village (850) + 1/2 of (Barton Town (2820) - Barton Village (802) - Orleans Village (850)) + 1/2 Westmore (157.5) + Brownington (812) = 2,404

**Bennington** (15,759) + 2/3 Shaftsbury (3,608, 2/3 = 2,404) + Woodford (321) = 18,484

**Brandon** (3,960) + Leicester (1,084) + Sudbury (446) = 5490

**Castleton** (4,691) + Hubbardton (604) = 5295

**Corinth** (1,367) + Topsham (1,173) = 2,540

**Derby** (4,643) There are two libraries in the Town. These are located in two incorporated villages, Derby Center Village (730) and Derby Line Village (1,001). One half of the town population located outside the incorporated villages is credited to each library. The Derby Library is also credited with the populations of two neighboring towns: Charleston (814) and Morgan (737).

**Derby Center Village** (730) + (1/2 (Derby Town (4,643) - Derby Center Village (730) - Derby Line Village (1,001)) + Charleston (814) + Morgan (737) = 3,737

**Derby Line Village** (1,001) + (1/2 (Derby Town (4,643) - Derby Center Village (730) - Derby Line Village (1,001)) = 2,457

**Guildhall** (263) + Maidstone (164) = 427

**Hartford** – 45% of Hartford (9,995) = 4,498

**Hartford West** – 7% of Hartford (9,995) = 700

**Hartford/ Queechee** – 48% of Hartford (9,995) = 4,798

**Hinesburg** (4,389) + 1/2 of St. George (645) = 4711

**Jericho Town** (5,008)

**Jericho/Underhill** (5,008) + Underhill (3,015) = 8,023

**Lyndon** (5,954) + Burke (1,720) + Newark (494) + Sheffield (1,736) + Sutton (1,058) + Wheelock (708) = 10,473

**Montpelier** (7,878) + Berlin (2,887) + Calais (1,587) + East Montpelier (2,577) + Middlesex (1,663) + Worcester (1,140) = 17,732

**Newbury** (2,277) There are two libraries in the Town. These are located in two incorporated villages, Newbury Village (415) and Wells River Village (353). One half of the town population located outside the incorporated villages is credited to each library.

**Newbury Village** (415) + ½ (Newbury Town (2,277) - Newbury Village (415) - Wells River Village (353)) = 1,170

**Newbury/Wells River** - Wells River Village (353) + ½ (Newbury Town (2,277) - Newbury Village (415) - Wells River Village (353)) = 1,107

**Newport City** (4,654) + Newport Town (1,516) + Coventry (1,227) = 7,397

**North Bennington Village** (pop.1,833) + 1/3Shaftsbury (3,608\* 1/3= 1,203) = 3,036

**Randolph** (4,809) + Braintree (1,327) = 6,136

**Rutland City** (16,622) + Rutland Town (4,078) + Ira (432) + Mendon (1,327) + Tinmouth (677) = 22,758

**St. Albans City** (6,999) + St. Albans Town (5,980) = 12,979

**Troy** (1,730) + Jay (534) = 2,264

**Vergennes** (2,606) + Addison (1,330) + Ferrisburgh (2,769) + Panton (651) + Waltham (522) = 7,878

**Waitsfield** (1,775) + Fayston (1,190) = 2,965

**Wardsboro** (730) + Stratton (170)=900

**Waterbury** (5,061) + Duxbury (1,418) = 6,479

**Whitingham** (1,286) + Halifax (818) = 2,104

**Williston** (8,591) + 1/2 St. George (645) = 8,913

**Winhall** (560) + Stratton (170) = 730

## **PUBLIC LIBRARIES SERVING POPULATIONS OVER 5,000**

There are 31 libraries in library service areas having populations over 5,000. 17% of the libraries in the state fall into this category. Statistics for branch libraries in East Barre, East Middlebury, and Hartford/Wilder are also included with the libraries in Barre, Middlebury, and Hartford/Quechee respectively. Statistics for the bookmobiles serving Franklin-Grand Isle and Windham Counties (closed this last year), which have populations in excess of 5000, are not included. Several larger libraries serve more than one town, and the unduplicated populations of all of the towns providing tax support are included as the population served and are used for calculating per capita values. The South Burlington Community Library is a “community library” serving as both public and high school library.

Some significant facts:

- These libraries serve 350,800 people. 56% of Vermonters live within these library service areas.
- These libraries are open a total of 1,368.4 hours a week, which represents 28.32% of the total time libraries are open in the State as a whole
- There are the equivalent of 101.36 full time librarians working in these libraries, which represents 50.93% of the librarian time spent in the entire State.
- Volunteers give 1,307.1 hours of their time to these libraries, 40% of all the volunteer hours donated to libraries in the State.
- These libraries received a total of \$10,891,956 in tax support from their Towns. This is 63.99% of the total tax revenues provided all the libraries in the State.
- These libraries raised another \$1,582,092 in other funds, whether through fundraisers, donations, investment income or other forms of giving. This represents 46.03% of the Statewide total and means that they took it upon themselves to raise an additional 12.59% of their funds beyond the tax revenues supplied.
- These libraries account for approximately \$13,184,849 or 59.94% of the total expenditures by libraries in the State.

## **PUBLIC LIBRARIES SERVING POPULATIONS UNDER 1,000**

There are 39 libraries serving towns with populations under 1,000 in Vermont. 21% of the libraries in the state fall into this category. Only 30 of these libraries report any information to the Department of Libraries, however. Several libraries in this population range serve seasonal populations (e.g., Greensboro, Middletown Springs, North Hero, Peacham) which makes their populations swell far beyond 1,000 at certain times of the year and may account for their proportionally higher numbers. Lowell Community, Stamford Community, Vershire Community, Walden Community and Woodbury Community Libraries are “community libraries” serving as both public and school libraries.

Some significant facts:

- 27,571 (4.40%) of Vermonters live within these library service areas.
- These libraries are open a total of 542 hours a week, which represents 11.22% of the total time libraries are open in the State as a whole
- There are the equivalent of 12.64 full time librarians working in these libraries, which represents 6.35% of the librarian time spent in the entire State.
- Volunteers give 350 hours of their time to these libraries, 10.75% of all the volunteer hours donated to libraries in the State.
- These libraries received a total of \$682,742 in tax support from their Towns. This is 4.01% of the total tax revenues provided all the libraries in the State.
- These libraries raised an additional \$250,892 in other funds, whether through fundraisers, donations, investment income or other forms of giving. This represents 7.30% of the Statewide total and means that they took it upon themselves to raise an additional 36.7% of their funds beyond the tax revenues supplied.
- These libraries account for \$933,849 or 4.54% of funds spent by libraries in the State.
- 237,681 or 7.48% of the items owned by Vermont public libraries are held in these libraries.
- There were 138,060 (3.69% statewide) visits to these public libraries. These libraries also account for 183,919 (4.01%) items being circulated in the State.
- In 2011-2012 these libraries held 1,049 programs, at which there were 15,197 attendees. Statewide, this represents 4.85% of the programs and 4.34% of the attendance.
- 19 of these libraries report a subscription to the Vermont Online Library
- 28 of these libraries report providing wireless access.
