VERMONT SCHOOL LIBRARIES/MEDIA CENTERS - STATISTICS
(for the 2006-2007 School Year)
Introduction and Definitions

DOL collects many statistics from public libraries which it uses to justify expenditures, budget requests, as well as to provide information to state and federal officials and legislators. School libraries are substantial users of DOL services and those statistics are equally important. Thanks to all of you who provided your statistics.

Please remember we ask that any school library using DOL services return a statistical report with as much data as available, otherwise we cannot adequately justify the services we provide to school libraries and continuation of those services may be jeopardized.
