

U.S. Treasury Capital Projects Fund for Libraries

The American Rescue Plan Act ("ARPA") [Capital Projects Funds](https://home.treasury.gov/policy-issues/coronavirus/assistance-for-state-local-and-tribal-governments/capital-projects-fund) provides \$10 billion for payments to eligible governments to carry out critical capital projects in response to the COVID-19 public health emergency. <https://home.treasury.gov/policy-issues/coronavirus/assistance-for-state-local-and-tribal-governments/capital-projects-fund>

Grant Opportunity: Department of Libraries Capital Project Fund

The U.S. Treasury has granted the State of Vermont \$16.4 million in Capital Project funds toward capital improvements to Vermont's public libraries. These grant funds will be administered by the Department of Libraries. These funds are intended to address critical building improvements to ensure Vermonters have continued access to high-speed Internet to directly enable work, education, and health monitoring at their local public libraries.

Eligible Projects

Projects that make public libraries more accessible to Americans with disabilities, improve ventilation and filtration of air, or address structural issues that threaten the integrity of the building could all be eligible for this funding.

Timeline

In early 2023, the Department conducted a Needs Assessment to gather information from municipal and incorporated public libraries. The Needs Assessment gathered information about upcoming capital project needs at each library including what stage of planning and what funding gaps exist. The Department will use the information gathered through the Needs Assessment to inform the construction of its capital grant programs for public libraries in Vermont.

The Department plans to launch a competitive grant application in the fall of 2023. Through one combined grant application, public libraries will be able to apply for funding from both the U.S. Treasury and HUD that the Department will administer.

U.S. Treasury has established December 31, 2026 as the end date of the period of performance and budget period.

Get Ready!

Prepare to apply for these transformative grants by reviewing the capital project-related webinars hosted recently by the Department of Libraries. Visit <https://libraries.vermont.gov/recordedworkshops> to watch these Department of Libraries webinars related to building projects:

- Capital Project Funds & Needs Assessment Webinar
- Library Renovations: Grant Opportunities, Historic Buildings, Project Planning
- The Americans with Disabilities Act: What Libraries Need to Know
- Grant Writing for Librarians
- Library Safety and Security
- Disaster Planning for Vermont Libraries: Beginning Workshop
- Disaster Planning for Vermont Libraries: Intermediate Workshop
- Strategic Planning Series with Alliance Research
- ALA webinar on upcoming grant for improving accessibility in small, rural libraries
- Attracting ARPA and Other Municipal Support to Libraries

Questions? Contact the Department of Libraries with questions or concerns about this grant opportunity at lib.contact@vermont.gov. Please sign up for our capital projects listserv to receive capital projects updates at <https://tinyurl.com/Capital-Grants-listserv>.

Note: The U.S. Treasury Capital Projects Fund for Libraries grant funding is separate from the \$10 million in Congressionally Directed Spending (CDS) for Public Facilities Preservation Initiative Grants. Those CDS grants provide resources to address repair and mitigation needs in small, rural public libraries that also serve as community meeting spaces and public facilities, with a focus on economically depressed areas. The Department of Libraries will issue one grant application for both grant opportunities. Visit the Department's Capital Projects Grant website for more information <https://libraries.vermont.gov/upcoming-capital-project-grant-funding-opportunities>.
