

# MOISTURE METER AGREEMENT AND WAIVER

1. I understand moisture meters are checked out for three days at a time. I understand its prompt return is important because other patrons may be waiting for the unit, and the library only has one in stock.
2. I understand meters must be returned to a staff member at the library front desk upon return. The meter must be returned in the plastic bag in which it was loaned.
3. I understand Rutland Free Library staff members do not give out advice or directions on the use of a moisture meter. Instructions for the meter can be found inside the bag with the unit.
4. I understand that staff members at Rutland Free Library do not repair or troubleshoot meters; with the exception of an expired battery replacement.
5. I understand I am responsible for the replacement cost of any meter taken out on my account should gross negligence (not normal wear and tear) be determined. (\$50.00)
6. I understand I am borrowing and using this meter at my own risk. Rutland Free Library will not be held responsible for any injury(s) that may occur with this meter.

***I agree to all of the above:***
