

Research Guide for Patrons who are Deaf, DeafBlind, or Hard of Hearing

If your library doesn't have the book you're looking for, you can search other libraries to see if they have it and can send it to your library through interlibrary loan:

<https://vtlib.agshareit.com/?cid=vtlib&lid=VTLIB>

You can search by title, author, keyword, or subject. "All Headings" will search all of these categories, which can lead to more results but may include things you're not looking for.

The screenshot shows a library search interface. At the top, there is a search bar with the text "deafblind" and a search button labeled "Advanced". Below the search bar, a dropdown menu is open, listing various search filters: All Headings, Author, Title, Title Exact, Subject, Subject Exact, Journal Title, ISBN, GMD, Notes, ISSN, LCCN, OCLC Number, GPO Sudoc Number, GPO Item Number, GPO Order Number, GPO Report Number, GPO Monthly Cat. Number, and GPO Ship List Number. The "All Headings" filter is currently selected. Below the search bar, the search results are displayed. The first result is a book titled "I am Helen" by Meltzer, B. The publisher is Dial Books, and the date is 2015. The result is labeled as "Book (1)". The page number "1" is highlighted in the pagination controls at the bottom right.
